Fiscal 2024 Agency Overview

Agency Mission

- The Mayor's Office of American Male Engagement will devise practices related to implementing our Connect to Success (C2S) and Mission 186 (M 186) strategies. More specifically, we will coordinate sustained programming that proactively advance the educational and socioeconomic development of disconnected boys, youth, and young men, including those who panhandle ("squeegee" youth in the City of Baltimore).

Fiscal 2024 Goals

- MOAAME will continue to collaborate with the Squeegee Leadership team and partners to ensure effective execution of strategies in order to remove youth from panhandling "squeegeeing" at intersections in Baltimore City. In Fiscal 2023, Mayor Scott allocated funding to launch the Squeegee Collaborative Disconnected Youth program.
- Advance AAME's Connect 2 Success program to include aspiring youth that are in need of comprehensive resources and wrap-around services.
